The Mentor to Membership Program is for those who have participated in either the Apprentice or Graduate program. The goal for participants is to achieve membership with NSA-MN by the end of the program.

Why Seek a Mentor?

- To learn a new skill or improve a competency
- To be more effective
- To increase one's visibility
- To receive encouragement and support
- To have a role model for insight and inspiration

Mentoring is...

- One approach toward personal growth and development
- A process of pairing a more skilled person with a less skilled person
- A personalized, one-on-one approach to learning
- A relationship built on trust

Requirements for the Mentor to Membership Program:

- Apprentice or Graduate program graduate
- Desire to establish or grow speaking business

NATIONAL SPEAKERS ASSOCIATION

"I couldn't believe I was assigned a Professional member who worked with me to qualify for National Membership within a year. It was intense but my Mentor was as committed as me. I probably would have qualified eventually but never would have had the focus and intensity your program provided. Thanks!"
